

Staffan var en stalledräng

Staffan var en stalledräng, stalledräng, stalledräng.

Han vattnade sina fålar

fem

fålar

fem

fålar

fem.

Stjärnorna de tindra så klara.

Gossar

låt oss

lustiga

vara.

En gång

blott om

året

så en fröjdefull

jul

vi

få.

Femte

fålen

apelgrå

apelgrå

apelgrå.

Den rider väl Staffan själv uppå, själv uppå, själv uppå.

Stjärnorna de tindra så klara.

Gossar

låt oss lustiga vara.

En gång

blott om

året

så en fröjdefull

jul

vi

få.

Nu är eld

i varje spis

varje spis

varje spis.

Med julegröt och julegris julegris, julegris.

Stjärnorna de tindra så klara.

Gossar låt oss lustiga vara.

En gång blott om året så en fröjdefull jul vi få.
